Welcome to Bowen & Collinsville! Our beautiful region offers a diverse range of attractions, natural experiences and spirited local events. From beautiful beaches and inner reef to historic hotels and tales of struggle and strife, there are many stories waiting to be uncovered! Both communities have tremendous spirit and are rich with country town hospitality. On their behalf we welcome you to the region and hope you enjoy your stay.

Bowen is renowned for its award-winning beaches and close proximity to the Great Barrier Reef. Experience beautiful corals and fish while snorkelling at Horseshoe Bay or Rose Bay, stand up paddleboard or kayak at Gray's Bay, enjoy a romantic beachside picnic at Murrays Bay, take a sunset stroll along Queen's Beach or run with your dogs along King's Beach. And that is just the start! Bowen is home to 8 beautiful beaches, and many secluded bays waiting to be discovered.

Situated on a dramatic coastline overlooking the top of the Whitsunday Islands, Bowen hosts impressive lookouts. Drive to the top of Flagstaff Hill to take in the magnificent 360 degree views including our historic lighthouse on North Head Island. Keep an eye out during winter as whales make their way along the QLD coast. At Horseshoe Bay follow the Mother Beddock track over to Rose Bay and enjoy the magnificent views from Cape Edgecumbe.

Bowen has a very rich and interesting history, depicted in murals throughout the town. The Bowen Historical Museum, one of the best regional museums in the state is well worth a visit.

Bowen is very well known for its diverse industries; mining, fishing and agriculture. In fact, Bowen is considered the salad bowl of Australia for the quality and diversity of crops grown here! Bowen is most famous being the birthplace of the Kensington Pride Mango and the more recent R2E2. Bowen's 'BIG MANGO' structure was erected on the 25th May 2002 to acknowledge and consolidate the association the area has with the fruit.

The coal mining town of Collinsville is 85km west of Bowen and is the place to visit to discover our mining heritage and country hospitality. Collinsville is the 'Pit Pony Capital of Australia' with the Pit Pony Experience and local murals recounting their unique history. The Coalface Museum highlights the perils of the mining industry and pays a poignant tribute to the miners who lost their lives on the 13th October, 1954. Visit the historic Bowen River Hotel in the region to enjoy good old fashioned country charm and service. On your way you will see the new solar farms installed over 250 acres!

With a myriad of experiences awaiting you, your Bowen & Collinsville experience is sure to create life-long memories. We hope you enjoy your visit!

Beaches, fishing, snorkelling, walks, sailing

Bowen offers beachcombers a veritable paradise with 8 award winning beaches to explore. Reef anglers have the choice of reef, beach, estuary and deep water fishing. Snorkelling is a delight on our coral reefs just off some of our beaches.

There are many different walks on offer, from sandy beaches to trails with elevations that take in views of the bays, to a stroll around a botanical garden enjoying abundant flora and fauna. The North Queensland Cruising Yacht Club has twilight sailing on Saturday afternoon starting around 2pm so come on down and enjoy a ride on one of the sailing yachts.

Bowen Superboats

Bowen will again host the Offshore Superboat Championships in 2019, with a date still to be decided. The Superboat Street Fest will be a highlight of the weekend on Saturday night. Saturday and Sunday the Superboats will battle it out on the beautiful Edgcombe Bay, along the foreshore.

Bowen Family Fishing Classic September 22 & 23

The Bowen Family Fishing Classic and Wet Weekend is held every year on the first weekend of the September School Holidays. Top entertainment and great prizes to be won.

Dining

Restaurants, pubs and cafes are in excellent locations, most just a few minutes walk from your accommodation.

THE REGIONS QUILT

A tourist attraction that should not be missed is hanging in the Bowen Library, Herbert Street. This is a masterpiece in stitching and was created by the Bowen Quilters and Needlecraft Group depicting the Whitsundays Region's history and attractions. It took 1426 hours of combined stitching by the group.

Golf, Tennis, Bowls

Queens Beach boasts a nine-hole golf course with sweeping views of the sea. Within walking distance are also tennis courts and a bowling green. Bowen Bowls Club is on the corner of Livingstone and Gregory Streets and has a modern, shaded facility.

Bowen's walk to the lighthouse

The North Head Lighthouse is one of the oldest in Queensland, and is connected to the mainland by a sand bar. While your feet may get a little wet (wear reef shoes!) you will be amazed by the abundance of sea life in the shallows.

The daytime low tides during Bowen's winter months offer visitors the opportunity to "Walk to the Lighthouse". Suggested dates to do the walk are July 11, July 12 and August 11. Check tide times and weather at the Bowen Information Centre. When doing these walks it is safer to arrive 1 hour before low tide as the current is quite strong when the tide is

coming in. During this walk you may see on the way such as Starfish, feather stars, sea cucumbers, green turtles etc. You'll stroll past giant red starfish, watch green sea turtles dart away across the sea grass beds, and you may be surprised by feather stars uncurling and crawling away. Bowen's squirting sea cucumbers are a favourite with the kids! Keep an eye on the horizon, you may be surprised by a mermaid tail! Our local dugongs often make an appearance as they graze in the shallows..

Shopping

Shops are spread throughout Bowen's CBD and you will find everything you need to keep you going.

Summergarden Theatre

For film buffs, the Summergarden Theatre in Queens Beach is a gem of Bowen's heritage, built in 1948. Modern facilities merge with old world charm, it's a must see for tourists.

THINGS TO DO

There is always something to keep you entertained in Bowen

OUR BEACHES

Horseshoe Bay

Rated top 11 beach on Australia's top 101 beaches. Small and cosy, its white sand and crystal clear water make it one of Bowen's favourites. Just metres offshore is a spectacular coral reef that provides fantastic snorkelling and scuba diving. It also has an entry point to the Cape Edgecumbe Walking Trail.

Grays Bay

It is one of the most picturesque bays in Queensland. It also has a boat ramp, free barbecues and a playground situated under big shady trees.

Coral Bay

Secluded and tucked away between Horseshoe Bay and Grays Bay. It is a clothes-optional beach in Bowen.

Murray Bay

This is a beautiful tropical bay complete with coconut trees. The beach is secluded and wind-protected, and provides excellent snorkelling, diving and fishing.

Front Beach

Is the showcase of Bowen, and now has a replica of the Big Mango. There is a soundshell, an interpretive centre. Lots of picnic areas, an amenities block, a playground, a skate park and a water park for the kids. Take a walk on the wharf and catch a fish or just view the abundant marine life.

Rose Bay

Perfect for families who can make use of the free barbecues, picnic tables and playground, or snorkel the fringing reef.

Kings Beach

Beautiful and often deserted means you can have the place all to yourself. It offers sweeping long stretches of sand.

Queens Beach

A long white sandy beach, it's great for walkers, being the longest beach in Bowen at 5km. Free barbecues and a large playground, also has exercise equipment which is free to the public, a shared walkway and bicycle circuit that goes to Yasso Point.

Bowen's claim to fame is its beautiful array of pristine beaches. Each beach has its own charm. Whether you are looking for your own secluded sanctuary, a place for some safe family swimming or snorkelling our beautiful coral reefs, you can find it here.

OUR LOOKOUTS

OFFER SOME OF THE BEST
COASTAL VIEWS YOU WILL EVER SEE

Flagstaff Hill

Flagstaff Hill offers some of the best coastal views you will ever see with a 360 degree panorama of the whole Bowen region. Binoculars are mounted here and for the small price of \$2 you can get a superb view from basically Proserpine area to Abbot Point including the islands in Edgumbe Bay.

Grays Bay

This accessible lookout is just a short walk from the Grays Bay car park. It's also beside a picnic and barbecue area.

Horseshoe Bay

Rated top 11 beach on Australia's top 101 beaches. Whales can be seen from this lookout during winter, you will also need your walking shoes. The Cape Edgumbe walking circuit takes you to Horseshoe Bay Lookout, the World War II Radar Station Lookout and Mother Beddock. All offering stunning views.

Mt Nutt Lookout

See Bowen's fertile Don River Delta and Queens Bay from the base of the reservoir which provides excellent views.

Reservoir Hill

Not really a lookout, but a drive up Bowen Hill (Reservoir) via Tynwald Avenue, where the Bowenwood sign is located, will give you a great view of the town and especially Mullers Lagoon.

**WHALES CAN BE SEEN
FROM FLAGSTAFF HILL
BETWEEN JUNE AND
SEPTEMBER**

1 Hansen Park to Horseshoe Bay Walk (2.6km)

Boasts some of Bowen's prettiest views, and follows Queens Bay around to Horseshoe Bay. It's a wide paved track making it wheelchair and stroller friendly.

Kings Beach Walk (1.8km)

An easy walk along the sandy beach, starting from the car park area below Flagstaff Hill. Access to the beach can also be made from Rose Bay and via a short unsealed dirt road off Queens Road.

2 Queens Bay Beach Walk (1.6km)

Follows Queens Beach starting at the Don River estuary to Golf Links Road. You get beautiful views of both the bay and the suburb of Queens Beach. Also has a shared bike and walking pathway.

Front Beach & Jetty (few hundred metres)

Enjoy the new foreshore parklands or walk the planks of the town jetty that was built in 1865 and observe the marine life including turtles, dugongs and stingrays that cruise the shallows when the tide is in.

3 Muller's Lagoon to Queens Bay (3.8km)

Includes a scenic walk around the lagoon and gardens, as well as along Soldiers Road that will take you to the beaches. Alternatively, if you are a keen bird watcher or botanist, stroll through Mullers Lagoon and enjoy the flora and fauna that is enclosed by 24 hectares of picturesque parkland.

4 Cape Edgecumbe Walking Trail (2.5km)

With its many elevations and beautiful views, taking in Horseshoe Bay, Murray Bay and Rose Bay, nature lovers will be impressed by postcard-worthy lookout views of the bays and beaches; there are opportunities to see native wildlife and bird life. You can walk the entire circuit or just part of it and there are entry points at Horseshoe, Murray and Rose bays. If you start at Horseshoe Bay, the track begins with a short 100-metre uphill climb with a lookout at the top, offering breathtaking views. Continue along the main track for a few hundred metres and keep an eye out for a side path to your right, which leads to the site of a World War II radar station and anti-aircraft battery. Whilst the guns are long gone, you can still see the mounting points.

Proceed through Murray Bay, continuing towards Rose Bay. There is another side path to an imposing boulder balanced precariously on a granite outcrop.

This landmark, seen from many locations throughout Bowen, is Mother Beddock. From here you can walk down to Rose Bay and Kings beaches.

5 Front Beach to Sporting Complex walk (4.6km)

6 Park Run

Bowen parkrun is a free weekly 5km timed event for both walkers and runners. We start at 7am each Saturday from Barker Park walking and running to Grays Bay before making our way through nearby parklands, Case Park and Hansen Park then finishing back at Barker Park. To register for free go to www.parkrun.com.au/register/.

WALKS

FISHING & SNORKELLING

ONE OF BOWEN'S BIGGEST ATTRACTIONS

Boat Ramps

Public boat ramps at the Bowen Boat Harbour (all tide), Grays Bay and at the mouth of the Don River at Yasso Point, Queens Beach. Yasso Point boat ramp is only accessible high tide, not suitable for large craft.

Fishing

Fishing is one of Bowen's biggest attractions, with its numerous creek systems, coral studded islands, offshore reefs, and most importantly, abundant fish life.

Snorkelling

Bowen is one of the few places on the Queensland coast where you can walk off the beach, head underwater to see the living reef and an abundance of marine life to be discovered.

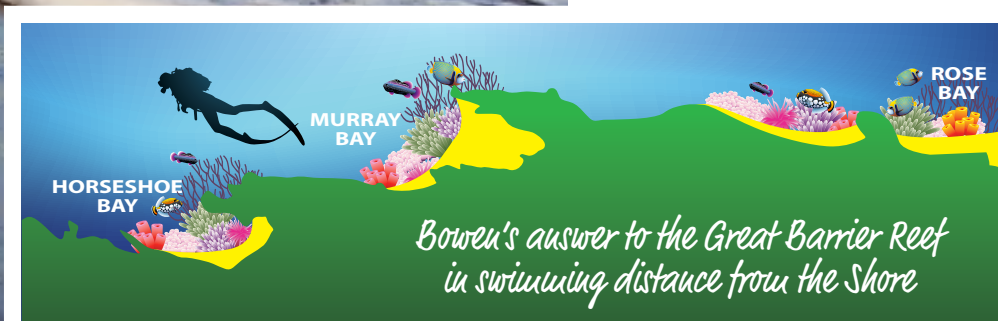

Within a very short distance of the beach you will see reef fish swimming amongst the hard and soft corals on our fringing reefs.

Offshore Fishing

Bowen has a multitude of offshore fishing spots, including the fringing reefs around our inshore islands. These islands range between 1 and 18 NM from the Bowen Harbour and are named North Head, Stone, Middle, Gloucester and Holbourne. They all have abundant reef for both line and spear fishing.

Don't Have a Boat?

There are plenty of land based options including the Bowen Jetty, the rocks at the southern end of Kings Beach and the rocky outcrops at Horseshoe, Grays and Rose Bay. Whiting are caught around the mouths in the town area including Magazine Creek near the boat harbour, Doughty's Creek at the western edge of town and Sandhills Creek at Kings Beach.

HOW TO FIND BOWEN'S MURALS

Bowen's Museum

Our museum has been described as one of Queensland's best. Much of Bowen's pioneer history has been preserved and is on display at the museum, in 22 Gordon St. It has been described as one of the best regional museums in the state.

Early Years

Originally occupied by the Girudala people, the first European to set eyes on the present site of Bowen, was Captain Cook, when he sailed the coast and named the mountainous island off Bowen's eastern shores Cape Gloucester, thinking it was

part of the mainland. He also named Edgumbe Bay, which boasts the deep waters that attracted Bowen's first European settlers who were seeking to develop a northern port. Bowen was declared a town in 1861.

Bowen's Role In World War II

The Coral Sea Museum located at the Bowen Aerodrome is a smaller museum and honours Bowen's association with Catalina Flying Boats. An interpretative Centre commemorating the Catalina is also situated at the Front Beach foreshore.

Bowen is widely known for its murals and all 28 are displayed throughout Bowen's streets, and depict the diverse history from the town's early settlement to present day.

Bowen serves up a feast of quality gourmet local produce at its absolute freshest. Renowned for its strong association with the mango, Bowen is also considered the salad bowl of the north, with fields of salad vegetables, and exotic fruits dotting the landscape. The thriving seafood industry ensures diners enjoy some of the best seafood in the world. Local menus burst with dishes that combine top quality local fresh produce, beef & seafood.

TOP 10 BOWEN FOOD EXPERIENCES

- 1 A Meal with a View** Enjoy a feast in settings that reward all the senses. From the majesty of Flagstaff Hill, to the serenity of harbour side, the commanding views complement and enhance the dining experience. *Recommendations: Bird's Fish Bar, Bowen Golf Club, The Cove Restaurant*
- 2 Relaxed beachside dining** A casual, relaxed atmosphere oozes through the town so it's no wonder dining at one of our beachside dining venues, or takeaways on the beach are popular with the locals. Fish & chips, a bottle of Sav Blanc after a day on the beach watching the sunset over Grays Bay is one of life's immeasurable pleasures. *Recommendations: Meraki Whitsundays, Fellow's Fish Bar, Bird's Fish Bar*
- 3 Exquisite International Cuisine** - Attentive and friendly staff will ensure your international dining experience is enjoyable. Chinese, Indian and Vietnamese chefs combine traditional cooking methods with fresh local produce to create divine indulgent platters. *Recommendations: Spice & Pepper, The Cove Restaurant, Duke of India, Fork & Chopsticks, Lip's Kitchen*

- 4 Cook for yourself** Plenty of free BBQs provide opportunities for families to venture outside and enjoy the temperate climate we experience year round. Buy freshly caught seafood, local beef and fresh local fruit & vegetables to create your own dining experience. *Recommendations: Arabon Seafood, Bowen's Fishermans Seafood Co, Fellow's Fish Bar, Big Red, Angus Quality Butchers, Bowen Meat Supply.*
- 5 Lazy Brunches** For lazy mornings with friends over freshly roasted coffee, Bowen provides quality café culture experiences. Enjoy a relaxed atmosphere in style and allow the conversation complement the quality of the food. *Recommendations: Le Sorelle Coffee House, Meraki Whitsundays, Jochheims Pies, Sails on Main.*
- 6 Quality Pub Grub** Plenty of local hotels guarantee enjoyable budget-friendly dining experiences. Comprehensive menus with fresh local produce used extensively are the norm, and mouthwatering meals the result. *Recommendations: Queens Beach Hotel, Grandview Hotel, Bowen Hotel, Central Hotel, Larrikin Hotel, Merinda Hotel Motel, Bowen River Hotel (Collinsville)*
- 7 Enticing Restaurants** For those who appreciate refined culinary experiences or for that special occasion, Bowen delivers again.

Unique dining venues, quality meals prepared by talented chefs and exceptional customer service ensure the experience is exceptionally pleasurable. *Recommendations: Castle Motor Lodge, Meraki Whitsundays*

- 8 Locally Produced Sauces, Jams, Cakes, Pies** - Diners love quality fresh produce and in Bowen, foods are created that let local produce shine. Diners will appreciate the creativity of the locals and the plentiful palate-pleasing options available. *Recommendations: Jochheims Pies, Limes N More.*
- 9 Locally Grown Produce** With a plethora of fresh produce, as well as the usual market fare, the weekly markets will delight visitors. During season, there are also roadside stalls selling direct from the farms as well as opportunities to purchase fresh produce year round. *Recommendations: Limes N More, Jacqui's Seasonal Pantry, Big Red*
- 10 Time saving Takeaway** To satisfy hunger, sometimes convenience and predictability are desired. Budget friendly options, kid's favourites and traditional favourites to grab, head to the beach, relax and enjoy. *Recommendations: Noodle Bar, Suntan, Subway, McDonalds, Red Rooster, Pizza Hut, Domino's, Lip's Kitchen, Fork & Chopsticks.*

BOWEN'S FRONT BEACH

Bowen's Front Beach is the undisputed focal point of Bowen, a major attraction for both tourists and locals. With the historic Bowen jetty splendid in the background, the foreshore precinct has been transformed into a premier recreational area.

It's a space that is regularly enjoyed by people from all walks of life, backpackers travelling around Australia, couples having an early morning walk, teenagers using the skate park, CBD workers enjoying a quiet spot for lunch, and families using the playground facilities.

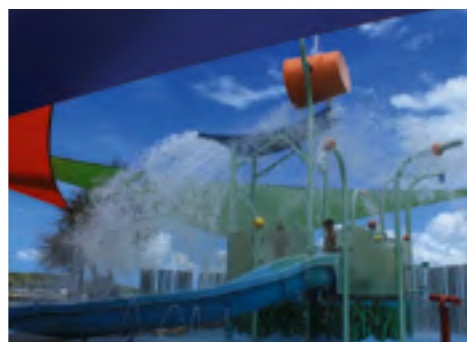

Families use the large grassy areas to enjoy barbecue dinners and to relax while kids play on the nearby playground or ride bikes and scooters along the wide tracks. A very popular Water Park, complete with water slides, sits close to barbecues, the playground and amenities block. A wheelchair friendly swing completes the playground equipment ensuring every child, regardless of their ability

can experience fun at the foreshore.

Stretching 800 metres into Port Denison the 150 year old Bowen Jetty provides a perfect platform to spot green sea turtles, or to catch a fish.

The soundshell and open space is frequently used for all kinds of events, including Australia Day and New Year's Eve celebrations, concerts and cultural festivals.

A Tourist Information Kiosk sits behind the stage, and beside it is a display housed in huge glass panels, recognising Bowen's involvement in the filming of Australia: The Movie, Bowen's second mango as well as other information about the town and region.

The Catalina Interpretive Centre celebrates the historical significance of the site. It's located beside the hardstand area where in World War 2, Catalinas were maintained and serviced before being redeployed. Information about Bowen's involvement in World War II and images of the Catalinas are etched into large glass panels which give the effect of the planes coming in to land on the bay when the viewer is looking at the images. It also includes a modern war memorial wall.

The precinct is dotted with plaques that explain significant historical events that helped shape modern day Bowen. Mature trees, shrubs and garden beds complete the stunning foreshore.

BACKPACKERS

Backpackers are made to feel welcome in Bowen with work opportunities, lots of things to see and do, as well as a wide range of accommodation options on offer, to make your holiday experience a positive one.

Accommodation includes dedicated backpacker establishments located within a short walking distance to the beach, town centre, shops, restaurants and pubs, and transport. There are also affordable caravan parks, guest houses and pubs to stay at.

If you're on a working holiday most venues can help you find work. Some run buses to and from farms. Being the second largest vegetable producer in Queensland means Bowen has work available during the season from April to November either planting, picking, sorting or packing. Experience is not necessary, many positions offer on-the-job training.

However vegetable picking is physically demanding. Working conditions can be hot and dusty, so being fit and healthy is important. Early 6am starts are a common requirement of

picking jobs. You will need to wear sunscreen, a collared shirt, wide-brimmed hat, insect repellent and sturdy footwear. It's also recommended that you carry a large container of water with you while working.

Weather plays an important role in harvesting, as some crops cannot be picked wet. If it rains work may not be available and your income may be temporarily affected. Wages are generally based on the volume of crop picked rather than the number of hours worked.

Stay

A holiday in Bowen is a unique experience thanks to the diverse range of accommodation to suit any budget, combined with some of Queensland's best views. During peak holiday periods accommodation can be hard to find and it is advisable to book ahead.

Luxury

At the top end of the scale, Bowen boasts absolute beachfront resorts where you can kick back in style and enjoy tranquillity. Nestled on a secluded beach away from the rest of the world, resort style accommodation is superbly appointed with views of the sparkling sea, and the beach, snorkelling and walking trails on your doorstep. Rooms are big and airy, and apartments are fully self-contained and serviced weekly. Resort style accommodation also feature swimming pools and barbecue areas.

Motels & Apartments

Motels and holiday apartments are a popular choice with families.

Some motels are located close to the beach, the golf course and convenience shops and others are located closer to the CBD and all the facilities that the town offers. Most motels offer standard and executive style rooms including single, twin, double and family occupancy.

If you wish to be self-sufficient there is a huge range of self-contained holiday apartments and units available. Most are situated close to the sea offering panoramic views across the bays.

Caravan parks

Imagine opening up your tent flap or caravan door to a magnificent beach view. Bowen has just that with a number of caravan parks situated right on the white sandy beaches. You can swim, snorkel, fish or even scuba dive

on your own coral reef, right at your doorstep. And you don't have to pay a fortune. These caravan parks offer a distinctly friendly and laid back style of holiday.

Farm stays, B&Bs & Holiday Homes

There are a couple of farm stays in the region. They offer a unique Australian experience for travellers of all ages seeking a taste of genuine Australian country surroundings and hospitality.

Bed and Breakfasts are another way to experience Bowen and get to know the people first hand.

Holiday homes come with a selection of 2, 3, 4, & 5 bedroom fully furnished, incl linen. Option extra hire, Aus Star, internet. Close to town. Pet and child friendly.

Backpackers

If you're travelling on a budget there is a choice of dedicated backpacker establishments

or pubs offering cheap accommodation. Options include dorms and double rooms. You will find them clean and comfortable, offering lots of services.

Workers Camp accommodation

Merinda Village Hotel at Merinda.

Pet friendly

MOLONGLE CREEK

A PARADISE FOR FISHERMEN

Fishing is one of Whitsundays region's biggest attractions, and a short drive north of Bowen, Molongle Creek offers great fishing, as well as access to Cape Upstart National Park that is only accessible by boat.

If you have the time, you really should plan to stay for a few days, and Molongle Creek Tourist Caravan Park is worth considering. To get there turn right off the Bruce Highway onto Molongle Beach Road only 55 kilometres north of Bowen. The park caters for all who love fishing and crabbing and there's plenty of parking for boats.

The Molongle Creek Boat Club offers modern facilities and they are open to the public. There are four boat ramps that are well maintained all year round. Beside the ramps is a huge multi-purpose area that includes showers, toilets, and a large covered area fitted out with barbecues. The club is continually working to improve access.

The Great Barrier Reef Marine Park surrounds Cape Upstart National Park and is only accessible by boat.

WHITSUNDAY DAY TRIPS

HEALTH SERVICES

Bowen has some of the best aged care facilities in Queensland that offer a wide variety of services and facilities to meet individuals' specific needs.

Murroona Gardens Care Services

The board is very proud of the services and facilities that Murroona Gardens have available for the citizens of Bowen and surrounds. People can access the complete range of services from Independent Living Units within Rotary Village and Murroona Residential, Low-level residential care within the Hostel to High-level care within our Nursing Home. In addition, the Day Therapy Centre is available five days per week to provide therapy, activities and friendship to community based clients and residents.

Murroona Gardens has a long and proud history of providing quality 24 hour nursing care, personal care, full catering, cleaning and laundry services as well as activity programs.

They have received confirmation from the Standards and Accreditation Agency Ltd that the Society has been successful in receiving the maximum three year accreditation for both the Nursing Home and the Hostel facilities.

In light of the adverse publicity recently attributed to the care levels provided by a number of interstate aged care facilities, this is a wonderful result and is testimony to the commitment and dedication of our Staff. Murroona Gardens has received three year accreditation status on every occasion since the process was first introduced in December 2000.

Rotary Village

Ideally located with a bus stop close by and within easy travel distance of shops, banks

and other facilities. Rotary Village offers tenants security, privacy and independence. Rotary Village caters to mature age residents who are looking for a secure lifestyle in a low maintenance home. All Rotary village units are rental units and the village offers a choice of bed sitter style accommodation or one-bedroom self-contained units. Rotary Village is not a retirement home and there are no deferred management fees, Body Corporate fees, council fees or maintenance fees. Rotary Village management attends to all mowing and maintenance and arranges garbage collection to all units. Rents are currently \$176.50 per week and pensioners are eligible to apply for the Government Rental Assistance payment. The unit rental, which is linked to the aged pension is reviewed in October annually. Inspection is most welcome by arrangement Monday to Friday. A detailed Residents Information Booklet is available before signing any documents.

Bowen Flexicare

Bowen Flexi Care is committed to offering support to people with a disability and their family or carers. Our service aims to serve people with disabilities between 0-65 yrs, and their carers who may be requiring respite.

INDUSTRY

PORT OF ABBOT POINT

The Port of Abbot Point is Australia's most northern coal export port and one with remarkable potential for trade growth.

In naturally deep water, the port is located 25 kilometres north of Bowen and incorporates the Adani Abbot Point Terminal (AAPT) with a current export capacity of 50 million tonnes per annum.

For the 2016-17 financial year it achieved export figures of 25.4 million tonnes of coal and handled 311 ships.

FISHERIES

Bowen is Queensland's second largest exporter of live coral trout and this industry is worth over \$20 million to the local economy. The red colour of our fish makes them the most sought after by the Chinese and the market price can vary from \$32 to \$64/kg. The Bowen harbour has 2 unloading facilities that both sell to the local market. Aquaculture is also an important industry in the region with the Good Fortune Bay Fisheries operation north of Bowen producing 1500 tonnes of fin fish annually including Barramundi.

GRAZING

More than 25 million hectares in the Bowen Collinsville region produces beef cattle.

The local grazing community is actively working at reducing impact on the Great Barrier Reef. NQ Dry Tropics is leading the Landholders Driving Change project, a three-year program to pilot cost-effective solutions to keep soil on the land, reduce run-off to the reef, and to help achieve enduring, sustainable and productive land management.

Graziers are fully involved in the process of designing projects to improve their land and reduce sediment run-off. The project is trialling a range of innovative landscape repair options, some tried and tested, some new. It means graziers have clear ownership of its outcomes.

Landholders Driving Change is one of two Major Integrated Projects (MIPs) recommended by the Great Barrier Reef Water Science Taskforce and funded by the Queensland Government through the Queensland Reef Water Quality Program. If it works well, this new model of program delivery may be transferred to other catchments in the reef community.

HORTICULTURE PRODUCTS

The Bowen and Gumlu region is the largest winter growing vegetable region in Australia and supplies both the domestic and exports markets with produce to the value of \$450 million dollars. The major commodities grown since the 1930's to this day are tomatoes, capsicums, mangoes, beans, sweet corn, melons and eggplant. The industry employs over 3200 skilled and unskilled workers during the season with a wide variety of career opportunities.

For your own health and safety and to respect farm biosecurity, follow all signage when visiting farms.

SALT WORKS

Bowen's solar evaporation salt field and refinery at the entrance to the town, began operating in 1925, is one of a number owned and operated by Australian Saltworks in Australia.

INTERNATIONAL YEAR OF THE REEF

THIS YEAR IS THE INTERNATIONAL YEAR OF THE REEF, A WORLDWIDE CAMPAIGN TO RAISE AWARENESS ABOUT THE VALUE AND IMPORTANCE OF CORAL REEFS.

It's also an opportunity for coastal agricultural industries to demonstrate they are meeting their responsibility to farm in a way that protects the Great Barrier Reef.

The Bowen and Collinsville grazing community is a hub of innovation for graziers looking at reducing impact on the Reef.

NQ Dry Tropics is leading the Landholders Driving Change project, a three-year program to pilot cost-effective solutions to keep soil on the land, reduce run-off to the Reef, and to help achieve enduring, sustainable and productive land management.

Unlike many past programs, graziers were fully involved from the beginning in the process of designing projects to improve their land and reduce sediment run-off. It means they have clear ownership of its outcomes.

What's also new is that rather than targeting individual properties, efforts are focussed at a catchment scale - in this instance the Bowen, Broken, Bogie (BBB) catchment near Collinsville. This means working with whole communities for better results.

The project is trialling a range of innovative landscape repair options, some tried and tested, some new.

Designed by landholders and tailored to their needs with the latest scientific research, solutions are being developed to remove the social, financial and technical barriers to change some farm practices.

The goal is to help deliver enduring, sustainable land management improvements, which will mean cleaner water going out to the Reef.

And because sediment run-off isn't just an issue for graziers, Landholders Driving Change will involve all land managers in the BBB including managers of mines, utilities and government departments.

Landholders Driving Change is piloting a new model of program delivery, championed by NQ Dry Tropics for a long time. If it works well, this delivery model may be transferred to other catchments in the reef community.

Landholders Driving Change is one of two Major Integrated Projects (MIPs) recommended by the Great Barrier Reef Water Science Taskforce and funded by the Queensland Government through the Queensland Reef Water Quality Program.

The big, beautiful Great Barrier Reef is one of the seven natural wonders of the world... we need to ensure it is there for generation after generation.

Landholders Driving Change is a Burdekin Major Integrated Project funded by the Queensland Government through the Queensland Reef Water Quality Program

GOLDEN ARROW TOURS

A Scenic Tour Around Tropical Bowen

ENJOY the scenic delights of Bowen by following the Golden Arrow Tour prepared for you by members of the Rotary Club of Bowen. Your tour starts at **Arrow 1** which is sited some 200 metres on the town side of the Bowen Salt Works.

Proceed via **Arrows 2, 3** on Leichhardt Street .

Arrow 4 is located at the intersection of Herbert and Livingstone Streets. Proceed via Herbert Street and the town's business centre with its wide streets and centre garden plots.

Arrow 5, located at Santa Barbara Parade. Continue from arrow 5 along the harbour foreshore to 6

Arrow 6 located at the roundabout, travelling through the roundabout, your tour will take you via **Arrows 7 and 8** to Flagstaff Hill Lookout.

The view from the summit gives panoramic views of the harbour and surrounding islands.

However, because of the steep gradient, it is not suitable for caravans. Retrace your journey back via arrows 8, 7 and 6 to **Arrow 9** which will lead you back to the intersection of Herbert St and Santa Barbara Parade, then proceed along the main shopping centre to arrow 10.

Arrows 10 and 11, will take you past the State High School and the Showgrounds, to

Arrow 12 at the base of Mount Nutt Lookout. Unfortunately, here you must leave your vehicle and walk to top. The scenic view from the base of the water tower lookout commands views of the many small crop farms and mango plantations which contribute to the town's economy. In the distance, the offshore coal handling facilities of Abbot Point can be seen.

Arrow 13, continues through the beachside suburb of Queens Beach via **Arrows 14 to 19**.

Arrow 20, you will pass the Bowen Golf Club nestling along the shores of Queens Beach.

Arrow 21 turns into Wests Lane, your journey continues past the Bowen Old People's

Homes Society Nursing Home, Hostel, Day Therapy Centre and Rotary Village.

On the opposite side of the road is Cunningham Villas, once a retirement home for ex-servicemen and women. It is now open to all.

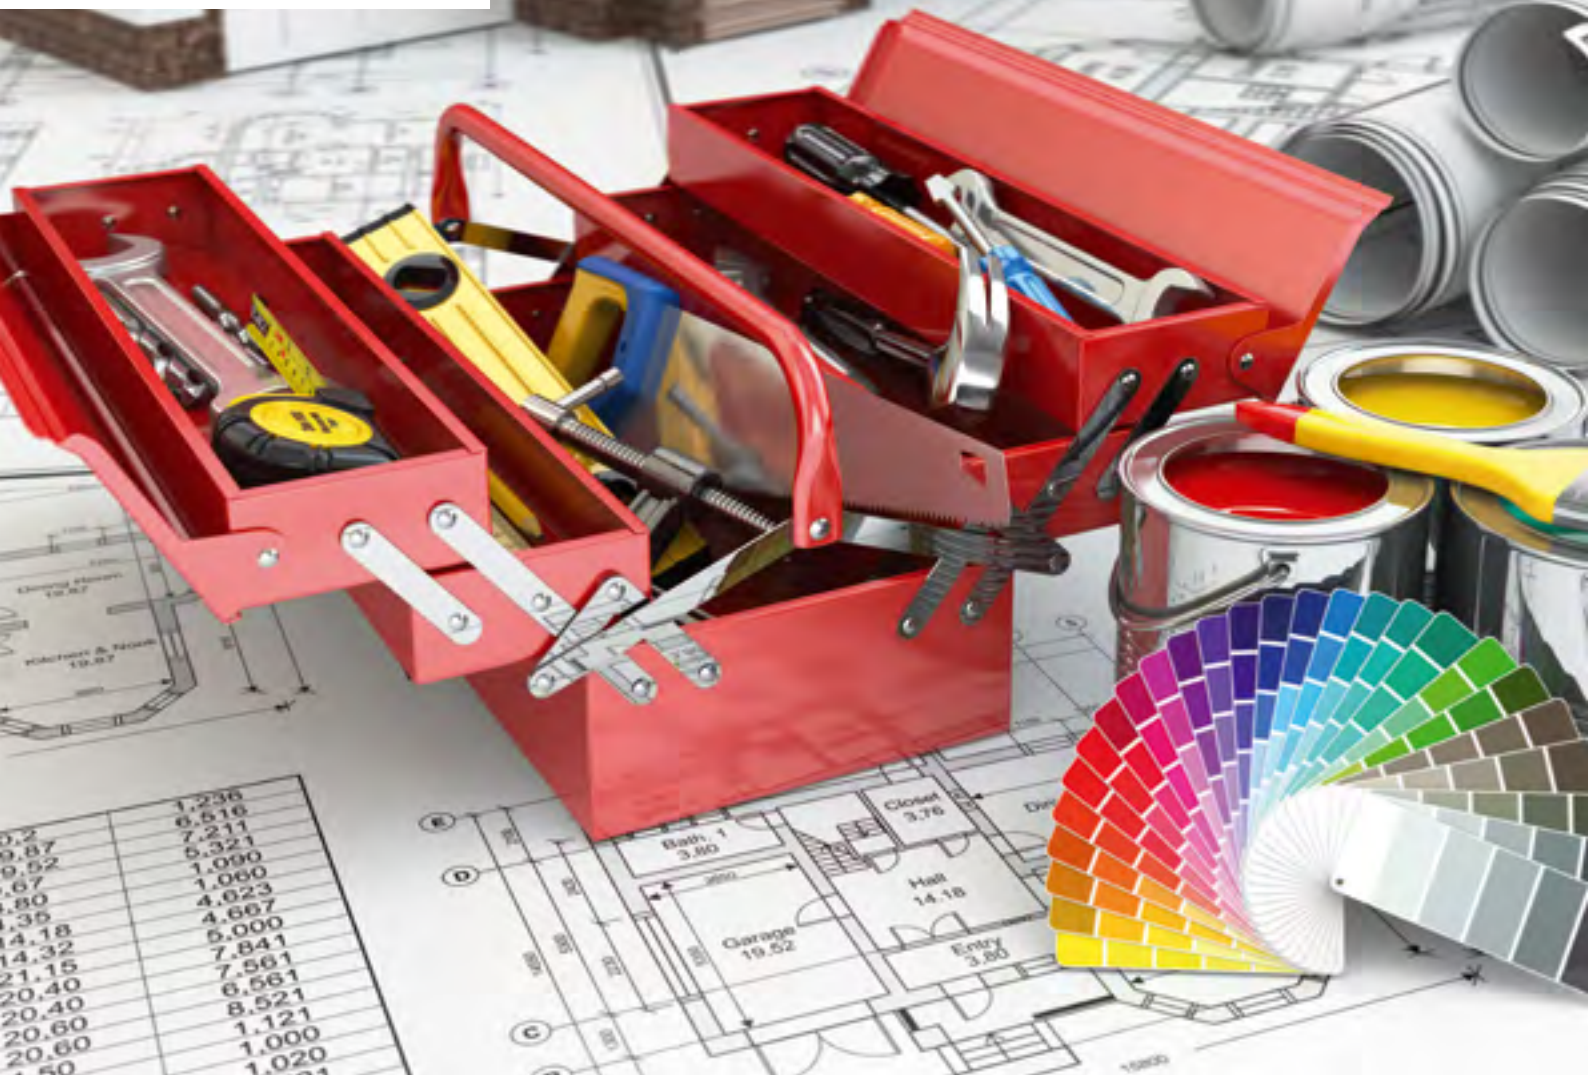

Arrows 22 to 35 will provide you with a tour of picturesque Horseshoe Bay, just one of the many beautiful bays which are ideal for swimming or sunbaking all year round. The view from Rotary Lookout is something which should not be missed. Retracing your journey back to **Arrow 26**, your tour will continue to Rose Bay and the magnificent view of Gloucester Island and Kings Beach. Your tour will then return via **Arrows 27 to 30** where it will end at Mullers Lagoon with its abundant wild birdlife.

We, the Rotarians and citizens of Bowen, trust you have enjoyed the Golden Arrow Tour and hope you will return to our delightful spot on the Coral Coast. Rotary meets at the Central Hotel each Tuesday at 6.30pm

This is Bowen's very first Fire Engine which was purchased in 1923 by the Bowen Fire Brigade Board.

In 2003 a vintage car collector knowing it's history offered it for sale to the Bowen community and The Bowen Independent

purchased it for \$4000 and formed a committee under the leadership of the then mayor Mike Brunner for it's restoration. It was then presented back to the Bowen community in good working condition and is on show at many public events. It can be viewed at the Bowen Independent office 28 George Street, Bowen during working hours.

COLLINSVILLE

The historic mining town of Collinsville is located 85km west of Bowen, about a 45 minute drive, situated in the foothills of the Clarke Range. The Collinsville Developmental Road will take you inland to an area rich in coal mining and grazing history.

The Collinsville area was opened up as a grazing run in early 1861, Strathmore Station being the first in the district. During the 1880s several gold mines were operated at Ukalunda, My Wyatt, and Normandy and later at Mt Coolon.

In 1865, reports of a large coal deposit at Moongunya resulted in extensive testing and mining eventuated in 1919. The area was renamed Collinsville in 1921. The main township of Collinsville was established in late 1922 when 20 homes were erected. The

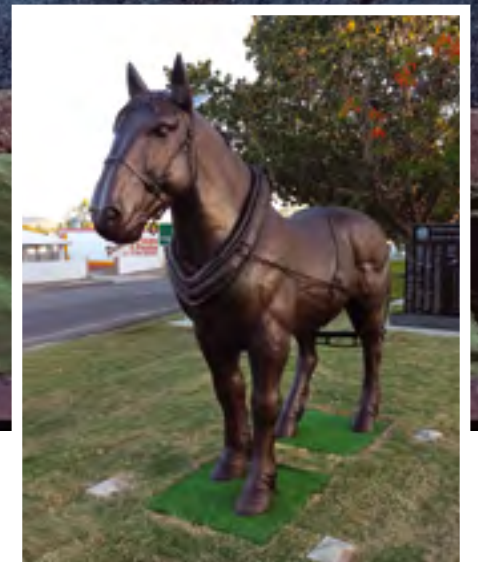

State School and Police quarters were already operational, as were a general store and butcher shop.

A hospital opened in 1926 and the town received reticulated water in 1930, with electricity connected in 1947. In 1967 a powerhouse was opened. It closed in 1988, was later privatised and reopened in 1997 and closed again in 2013.

While in town, stroll around and look for the historical mining murals and heritage signs that will provide an insight into the lives of the region's early settlers. A visit to the Miners Memorial and Coalface Experience Museum is a must.

Visit the Collinsville Bakery for their famous fresh bread, stroll downtown and delight in locally made Arts and Crafts or simply enjoy a delicious cup of coffee.

There is a pleasant 3.7 km walkway from Collinsville to Scottville that provides easy walking or biking for those who want a bit of exercise.

Collinsville's latest tourist attraction is the Pit Pony Experience which celebrates the lives of Australia's last working mine Pit Ponies. Retired in 1990, Wharrier and Mr Ed marked the end of a long history of miners and pit ponies working side by side as mates.

Centred around a life size Collinsville Pit Pony sculptured in bronze, the Pit Pony Experience acknowledges the contribution from the community on a donators wall located behind the horse. Around town are various "selfie" walls where visitors and locals alike can picture themselves along side the loved pit ponies. A tourist route via a smartphone app has also been established through the small town to show off local attractions and to assist local business. The Pit Pony Experience is a true reflection of the strong values of comradeship and community found in Collinsville.

VISITOR INFORMATION

The **Visitor Information Centre** is now located near the new RV Area in the Collinsville Showgrounds for the convenience of our visitors. Make this your first stop, for brochures and information on what to do and where to go.

The Collinsville and Scottville District Historical Society's historical display is situated on the second floor alongside the Community Hub and local Centrelink agency.

COAL FACE MUSEUM

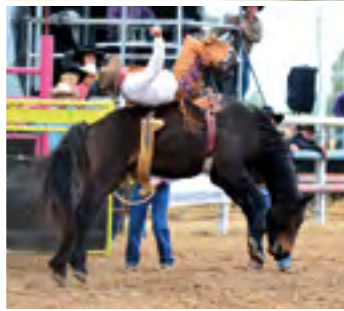

Collinsville's Mining Heritage Centre, the Coalface Experience, is dedicated to the history of Queensland's coal mining industry and showcases the rich mining heritage of the region.

Stories of struggle, strife and mateship are played out at a range of interactive displays, audio-visual exhibits, two theatrettes and historical records presenting visitors with a great interpretation of the past, present and future of Queensland's coal mining industry.

The museum also shows visitors what life was like for the coal miners, both above and below ground in the 1950s.

The museum's opening coincided with the 50th anniversary of the town's biggest underground mining disaster, in which seven men were killed in an underground gas explosion on October 13, 1954. It honours those men, and 19 others who have also lost their lives on the Collinsville coalfield. Collinsville was recognised as a potential coalfield as early as 1866, when the area became known as the Bowen River Coalfield.

Railway construction from Bowen started in 1916 and full scale coal production started in 1922 following the railway's completion that provided access to coastal markets.

BOWEN RIVER RODEO AND CAMPDRAFT

The Bowen River Rodeo and Campdraft is held annually on the Queen's Birthday long weekend in June at the rodeo grounds behind the Bowen River Hotel. Campsites are available over the weekend & there is also plenty of live entertainment.

BOWEN RIVER HOTEL - STRATHMORE PUB

Originally established in about 1860, the building was donated to the National Trust of Queensland in 1974 by Ted Cunningham, of Strathmore Station. It was abandoned for sometime but in 2003 was rebuilt and now comprises of two buildings connected by a covered walkway. The building is an example of careful bush carpentry and skilled joinery.

The hotel has a licensed bar, an informal beer garden that is family friendly and serves lunch and dinner. Accommodation is also available. There's also a collection of photographs, paper clippings and memorabilia from early years.

The immediate surrounds are abundant with wildlife and fish in the Bowen River are plentiful. Camping is offered for a small donation near the hotel.

Every May Day long weekend, a fishing competition is hosted at nearby Terrible Creek. The Bowen River Rodeo and Campdraft is held on a weekend in June.

MINERS MEMORIAL DAY

Miners Memorial Day is held every year on the 13th October, in memory of the 26 men that have lost their lives in the Collinsville mines. The memorial is held at the Workers Club, Home of the Coal Face Experience. October 13 is the day of Collinsville's worst disaster which occurred in 1954, when 7 men tragically lost their lives in an underground explosion.

FREE 72 HOUR CARAVAN / RV REST AREA

Collinsville offers a self-sufficient, 72 hour FREE Caravan & RV Rest Area in the local Showgrounds. This rest area includes access to Potable water and an RV dump point available for your needs. Collinsville's historical mining heritage trail is a must on your inland journey.

CREEK PICNICS

Have a picnic on the banks of any of our local creeks. The creeks usually have a good flow in them during the April-Nov wet season.

● 3 MILE CREEK

3 Mile Creek is part of the Pelican Creek system and is located 15 minutes west of town as you travel through Scottville and out along the Myuna Road. It's a great little swimming hole and picnic area.

● PELICAN CREEK

Pelican Creek is a nice little creek that runs from the north east of town round to the western area. It's easily accessible from several locations.

● 40 FOOT

40 Foot is nestled up in the heart of Mt Devlin and in the wet season puts on a lovely waterfall display. A 15 to 20-minute hike up Mt Devlin will see you at the waterfall.

● TERRY'S CREEK

Terry's Creek is a 15-minute drive along the Peter Delemothe Road towards Bowen. It is another popular picnic and swimming place in the wet season.

MT COOLON HOTEL

This is a great old pub with heaps of character and memorabilia, they offer a dinner menu, and has rooms for the weary driver. Phone (07) 4983 5530.

MURALS

Several Murals, depicting historic figures and scenes of historical mining activities, are painted on local business walls and contribute to the street beautification scheme.

The latest Murals illustrate the importance of the Pit Pony to this unique mining community and the Coal industry in general and are part of a larger mural project linking Collinsville and Bowen.

BOWEN RIVER WEIR

Bowen River Weir is about a 20-minute drive from Collinsville. Take the Mt Coolon Road out of town and when you get to Sonoma Mine, the turn-off to the weir is on the left hand side, opposite the mine's entrance. The road can be rough at times so drive to the road conditions. The weir is a popular fishing and camping spot and the local fish stocking association restock the weir with barramundi fingerlings each year. The Collinsville water supply is pumped from here and is controlled by Sunwater. Be aware, saltwater crocodiles do inhabit these waters.

HERITAGE SIGN TRAIL

The local historical society has sign marked a few of the Historical sites and buildings around the Collinsville, Scottville and Mt Coolon Districts. Each sign has a picture and a description of the significance of the site.

MT COOLON

Mount Coolon is famous for its Gold mining history, its pioneering grazing families and their experiences under harsh conditions. Mount Coolon is on the intersection of the Bowen Developmental Road and the

Suttor Developmental Road. Approximately 124 km from Collinsville. Only 75km of the road is bitumen sealed.

A jackeroo called Luke Reynolds from Yacamunda Station discovered gold there in 1913. Thomas Coolon was the first to peg a claim in 1914. Today the town boasts an array of old buildings and ruins to capture the imagination.

Taste our delicious range of freshly baked products!

Please come and meet us at Jochheims Bakery Cafe, where the tradition has been carried on since 1963. During your visit you'll smell the aroma of freshly cooked pies, gourmet sandwiches, gluten free carrot cake or Bowen's best coffee. You can taste our homemade products and relax in our 65 seat, air-conditioned bakery cafe. We're open Monday - Friday 5.30am till 3.30pm and Saturday 6.00am till 1.30pm.

Paddy & Jayne O'Regan owners of Jochheims Pies
